01 / PROFILE

Mid-Level Art Director with 8 years of design experience and 5 years in advertising agencies, specializing in campaign concepts, key visuals, visual identities, logos and packaging. At Agência Bee Creative, leads art direction on projects awarded at Prêmio Recall for three consecutive years (2024, 2025 and 2026) and heads an internal AI and process automation initiative. Seeking remote or hybrid opportunities in art direction, design and applied automation.

02 / SKILLS

CREATIVE & BRAND

Art direction, campaign concepts, key visuals, naming, visual identity, logos and concept art.

PACKAGING & PRODUCTION

Visual and technical packaging design with deep knowledge of applicable Brazilian ANVISA regulations.

AI & AUTOMATION

Workflows with n8n, SQL, PostgreSQL, WhatsApp integration via WA-AKG, Codex, Claude Code and self-built Linux server.

LANGUAGES

Portuguese: native/fluent · English: advanced · Japanese: basic.

03 / PROFESSIONAL EXPERIENCE

Mid-Level Art Director · Agência Bee Creative

Campinas, Brazil · Aug 2023 – present

- Develops campaign concepts, key visuals, visual identities and logos for accounts including **Eternit**, **Concepta Ingredients** (FiSA 2026 & INCONCEPTA Workshop), **Nautilus** and **Neria** (Grupo Capitale).
- Awarded at **Prêmio Recall for 3 consecutive years (2024, 2025 and 2026)** across branding and campaign cases.
- Serves as the agency's packaging specialist, applying technical knowledge of relevant Brazilian ANVISA rules.
- Leads an internal AI and process automation project, integrating complex workflows with n8n, PostgreSQL and WhatsApp on a Linux server built from scratch.
- Automated social media analysis for prospecting: work that previously took over 4 hours now requires `4h → 20min` of human execution, including validation.
- Consolidated customer service demand from email, WhatsApp and Runrun.it into one unified report, improving team visibility across channels.
